PROFESSIONAL SUMMARY

Backend / Full-Stack Software Engineer experienced in building and maintaining production web applications, REST APIs, business modules, and database-driven systems. Strong experience with PHP, Laravel, CodeIgniter 4, MySQL, PostgreSQL, React, JavaScript, and TypeScript, with additional experience building Rust-based real-time CDC and data synchronization systems. Experienced in MVC architecture, RBAC, audit trails, CRUD workflows, email automation, and production feature development.

PROFESSIONAL EXPERIENCE

Software Developer Jun 2026 – Present
V.K. Lalco

- Developed and maintained production web applications using PHP, Laravel, CodeIgniter, MySQL, PostgreSQL, React, JavaScript, and TypeScript.
- Designed and developed a centralized Update Management System (UMS) to track module-level changes, responsible users, timestamps, and detailed audit trails across the application.
- Implemented role-based access control (RBAC) for UMS and application features, ensuring users could access actions and data according to their roles and permissions.
- Built an integrated email workflow for completed module updates, supporting configurable recipients, CC, BCC, delivery status, and system-generated notifications.
- Added and maintained new features across existing modules, including backend logic, database changes, REST APIs, validation, and frontend updates.
- Worked on production fixes, feature enhancements, database operations, and application maintenance while ensuring existing functionality remained stable.

Software Developer Intern Mar 2026 – Jun 2026
Volody

- Developed and maintained production features using PHP, Laravel, React, JavaScript, TypeScript, MySQL, and PostgreSQL.
- Built and integrated REST APIs for application features and backend business workflows.
- Worked on database-driven features, query optimization, validation, CRUD operations, and application-level business logic.
- Resolved production issues and implemented enhancements across existing modules while following MVC and maintainable coding practices.

Software Developer Intern Sep 2025 – Feb 2026
K2S2 Digistrat

- Built and integrated REST APIs for production systems and developed database-driven features using CodeIgniter 4.
- Developed a Lead Management System with relational data, nested CRUD operations, validation, and reusable backend business logic.
- Contributed to a Railway Management System through database schema updates, backend changes, and user-interface enhancements.
- Built a Rust-based Data Sync Platform supporting bulk data migration and real-time Change Data Capture (CDC) operations.

PROJECTS

Office / HR Management System (OMS) Live Demo
PHP, CodeIgniter 4, MySQL, Bootstrap 5

- Built a full-stack HRMS platform covering employee management, attendance, leave, payroll, holidays, announcements, tickets, and self-service.
- Implemented MVC + Service architecture with thin controllers, reusable business logic, validation, and database-driven workflows.
- Developed RBAC with roles, permissions, route-level authorization, and audit logging for significant application operations.
- Designed REST-based backend workflows and CRUD operations across multiple interconnected modules.

Dafca – Real-Time Chat Application Jan 2025 – Apr 2025
React, Express.js, MongoDB

- Built a real-time messaging platform with persistent conversations, file sharing, and backend APIs for real-time communication.

EDUCATION

Bachelor of Science in Information Technology Aug 2022 – Apr 2025
University of Mumbai CGPA: 8.0 / 10

SKILLS

Languages: PHP, JavaScript, TypeScript, Rust, Python, C++
Backend: Laravel, CodeIgniter 4, Node.js, Express.js, REST APIs, MVC, CRUD, Authentication, RBAC
Frontend: React.js, TypeScript, JavaScript, HTML, CSS, Bootstrap, Material UI
Databases: MySQL, PostgreSQL, MongoDB, Oracle
Architecture: MVC, Service Layer, Role-Based Access Control, Audit Logging, API Integration, Real-Time Data Systems, CDC
Tools: Git, Docker, VMware, Android Studio, Postman

ADDITIONAL INFORMATION

Hobbies: Football, Gym, Cycling **Languages:** English (B1 Proficiency)
